

TURBO

STRONG WASHING AGENT

5L, 25L, 200L

AREA OF USE

- Motors, printing machines
- Vessel funnels and decks
- Fuel wagons, agricultural machines
- All surfaces affected by particularly tough dirt

PROPERTIES

- Efficient on extremely dirty surfaces and difficult objects
- Does not damage painted surfaces etc, despite the strong effect
- Efficiently and easily removes oil, grease, road salt, printing ink, greasing agents etc
- Acts efficiently even in cold water
- Contains no oil products, does not leave greasy residue

INSTRUCTIONS OF USE

- Apply solution onto surface, leave to act for a couple of minutes, rinse with water or with a high pressure washer.

DOSAGE

- 1:5-1:10 motors and details, flushing
- 1:10-1:50 vehicles, vessel decks, agricultural machines
- 1:50-1:100 daily washing with water (floors, walls)

COLOUR AND STATE

- Brown liquid completely soluble in water, with a slight smell

INGREDIENTS

- Potassium phosphates
- Sodium acetates
- Sodium silicates
- <5% non-ionic surfactants
- Butyl Glycol
- <5% cationic surfactants

Xi

Irritant

pH 13

CAUTION

- In case of contact with eyes, rinse with water for 15 minutes and seek medical attention.
